A clear value story for agency owners

Insurance agencies often pay $5–$25 per lead for shared prospects and compete to contact them first. Our real-time insurance leads are priced at $0.60 each, with orders delivered at a steady pace over seven days.

COST FACTOR	TRADITIONAL SHARED LEADS	OUR MODEL
Price per lead	$5.00–$25.00	**$0.60**
Competition	Often shared among multiple agents	**Real-time leads with paced delivery**
Weekly volume	Varies by budget and source	**2,100-lead minimum**
Delivery	May arrive in a concentrated batch	**Spread across seven days**
Weekly cost at 2,100 leads	$10,500–$52,500	**$1,260**

The headline: at these stated prices, our leads cost approximately **88%–98% less** than the comparison range. Actual savings depend on the lead source, quality, and purchasing terms.

The role

Help agencies lower their lead costs while building a client portfolio that can generate recurring commission. Your work is to win agency accounts and help them establish a consistent weekly order. As your portfolio grows, repeat orders can add a meaningful recurring income stream.

HOW YOU EARN

Paid per lead. Again on every reorder.

FIRST ORDER

$0.10 per lead

Paid on the opening order from each new account you win.

REPEAT & RECURRING ORDERS

$0.075 per lead

On each order, for the life of the account.*

What 20 active accounts could generate

Illustration: each of 20 clients orders the 2,100-lead weekly minimum.

42,000	$3,150	$13,650	$163,800
WEEKLY PORTFOLIO LEADS	WEEKLY RESIDUAL	AVG. MONTHLY RESIDUAL	ANNUALIZED RESIDUAL

20 clients × 2,100 leads = 42,000 · 42,000 × $0.075 = $3,150/wk · × 52 weeks = $163,800/yr · ÷ 12 = $13,650/mo

What you will do

1. **Win agency accounts**
   Lead with the cost story: $0.60 against $5–$25.
2. **Set the weekly order**
   Help each agency establish a consistent 2,100-lead weekly order.
3. **Keep them reordering**
   Repeat orders pay $0.075 per lead on each order.
